FOR LAURIE GREEN

MUSIC BY MAZZ SWIFT

LYRICS BY JACQUELINE SUSKIN

Uncover the unseen imbalances
To delve deeper into the present
If only with our feeling of responsibility
To guide us forward, beyond

Ah-oh, push!
To push
Beyond
The simple constructs of
What's been expected of us

And to see our enthusiasm
Grow, grow our potential!

Let this desire be reason enough
And let it show us how to
Heal by example
How to move so freely into the wonder of
wisdom
Into the wisdom of wonder
And use it well
