

ASCEND

FOR THE REV. DR. JACQUI LEWIS

MUSIC & LYRICS BY CRYSTAL MONEE
HALL

VERSE

Spitfire and pain
Sunshine and rain
We see the path before us
Our role revealed
Our worth made clear
We hear a mighty chorus

If only our hearts hold on to vision
Then we can let love be our decision

Falter with our questions
We bring our best
We give it all
Even when we're falling
We can hear the calling
We ascend
We ascend
We ascend
We ascend
We ascend

CHORUS

We survive to hear the call
We shudder in its presence
Falter with our questions
We bring our best
We give it all
Even when we're falling
We can hear the calling
We ascend
We ascend
We ascend

BRIDGE

In our broken moments
With all that we come up against
We praise both our power
And our vulnerability
And we rise, we rise

CHORUS

We survive to hear the call
We shudder in its presence
Falter with our questions
We bring our best
We give it all
Even when we're falling
We can hear the calling

We survive to hear the call
We shudder in its presence
